mr. marine elevator

Mr. Marine Elevator is the global leader in marine elevator services. Our qualified local technicians service all brands and types of marine elevators. We are reliable, act immediately, and are at your service every day of the year.

Our Elevator Solutions

Annual Safety Inspection

- **Safety inspection -** visual inspection of the elevator and its safety components, carried out annually (ISO 8383), or as often as the vessel's state dictates.
- **Load test**

Modernization

- **Control Systems**: control panel, trailing cable, door controllers
- **Mechanical**: ropes, traction machine and sheaves, bearings
- **Cabin & Doors**: landing and car doors, car interior

Spare Parts

- Genuine spare parts
- OEM elevator spares
- Aftermarket marine spares (or OEM-Equivalent)

Repair

- Breakdown repairs
- Troubleshooting
- Standard maintenance

> *The team have completed both elevator repairs and inspections to a very high standard and safety! I cannot rave enough about your technicians, they are both extremely knowledgeable, hardworking and work very safely, great job safely completed!*

Our Fixed & Portable Solutions

Calibration | Certification | Installation | Commissioning

Deck Equipment

- Tank Level Gauging
- Tank Over Pressure & Over Fill Alarm
- Inert Gas System, Nitrogen Generator
- Ballast Tank Gas Sampling System
- Pump Room Gas Detection System
- Cargo Space Gas Sampling System
- Cargo Automatic Unloading System
- Cargo Pump Bearing Temperature Alarm
- Engine Telegraph Order

Portable Equipment

- Ullage Temperature Interface (UTI)
- Dew Point Meter
- Alcohol Meter
- Gas Detector
- VOC Test Instrument
- Temperature & Pressure Calibrator
- Ammeter, Voltmeter, Clamp Meter, Multimeter
- Torque Wrench
- Thermometer
- Pressure Gauge

Engine Room Machinery

- Engine Protection & Safety Devices
- Engine Temperature & Pressure Monitoring Alarm
- Oil Mist Detection - Engine & Atmospheric
- Engine RPM Indicator
- Fixed Gas Detection System
- Viscosity Control System
- 15PPM Oil Content Monitor
- Oxygen Analyser
- Impressed Current Cathodic Protection
- Marine Growth Prevention System

Extended Services

- Fire-Fighting Equipment
- Emergency Escape Breathing Device (EEBD)
- Self-Contained Breathing Apparatus (SCBA)
- BA Air Quality Test
- Immersion Suits & Life Jacket
- Medical Oxygen
- CO2 System
- Hyper Mist System
- Gyro & Magnetic Compass
- Oil Discharge Monitoring Equipment (ODME)
- Exhaust Gas Scrubber CEMS/ Aftercare

Our Span Gas Solutions

Reliable supply of span gases for your fleet.

FLAMMABLE

- Methane (CH4)
- Propane (C3H8)
- Butane (C4H10)
- Pentane (C5H12)

TOXIC

- Carbon Dioxide (CO2)
- Sulphur Dioxide (SO2)
- Hydrogen Sulphide (H2S)
- Chlorine (Cl2)

OXYGEN

% Volume mixtures for Oxygen Meter & Integrated Gas System (IGS) Analyzer calibration or testing

GAS MIXTURES

- LEL, H2S, CO, O2
- 3 or 4 gas mixes available

View the full range of calibration gases

Worldwide Delivery

Distribution Hubs in USA, Europe, Middle East, Asia

Delivery Options

PACKAGING TYPE	VOLUME
Disposable Aluminum Alloy Cans	34L, 58L, 110L
Refillable / High-Pressure Cylinders	3.4L, 6L, 6.5L, 10L

Regulators and Accessories

- Fixed flow regulators
- Demand flow regulators
- Adapters to connect high-pressure cylinders to high-pressure regulators
- 1-liter Gas Sampling Bags
