mr. marine

We are the global leader in **marine elevator** services. Our qualified local technicians service all brands and types of marine elevators. We are reliable, act immediately, and are at your service every day of the year.

OUR SERVICES

Annual Safety Inspection

Safety inspection, a visual inspection of the elevator and the entirety of its safety components, to be carried out every year (according to ISO 8383), or as often as the vessel's flag state dictates.

Load test

Repair

Breakdown repairs
Troubleshooting
Standard maintenance

Spare Parts

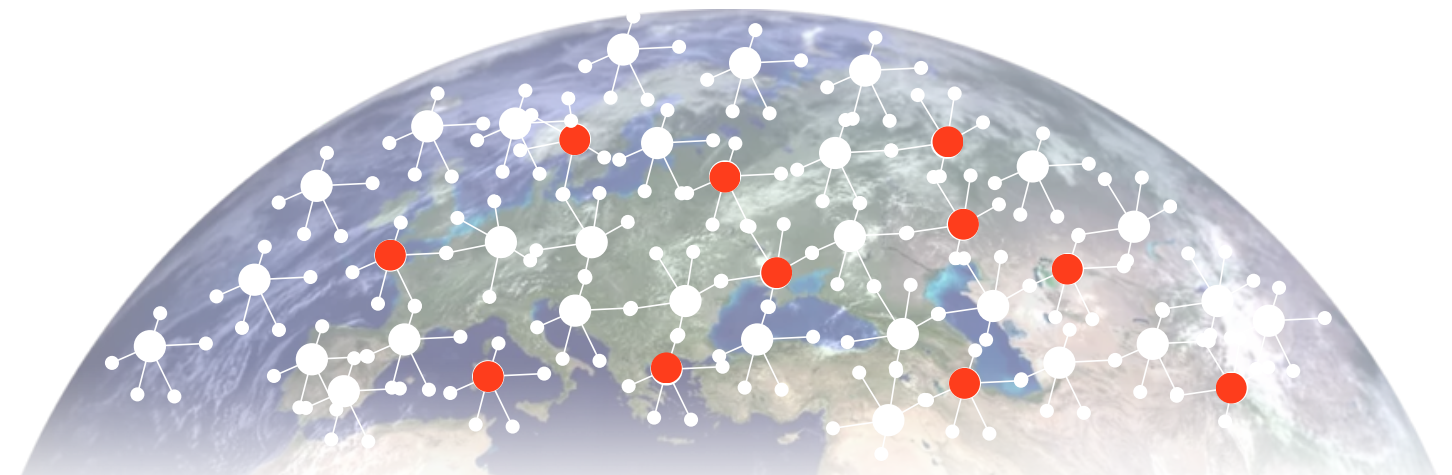

Genuine spare parts
OEM Elevator Spares
Aftermarket Marine Spares
(Or OEM-Equivalent)

Modernization

Control panel, trailing cable, doors (landing and car), ropes, traction machine and sheaves, car interior, bearings, door controllers.

The team have completed both elevator repairs and inspections to a very high standard and safety! I cannot rave enough about your technicians, they are both extremely knowledgeable, hardworking and work very safely, great job safely completed!
